- V. Old Business**
  - a. Review of ED Strategic Plan: Luke Howe presented a summary of the ED Strategic Plan document and thanked the KDA for participating in the process. One of the recommendations from the plan related to creating marketing collateral items to help sell Kennesaw and attract new projects/businesses. Luke shared with the board that we will be working on these items in the coming months. We have an excellent in-house communications team that will assist. The plan outlines a need for the City to better utilize our authorities and boards (like KDA) and we will be bringing forward ideas to do this. As we work to increase our effective use of KDA, we will include some branding and website work for the board; staff will bring these items forward for discussion and consideration at future meetings.
    - i. Chris Davis noted that he would like to gain a better understanding of how action plans would be developed based on the plan and how we will track and measure success for KDA. He would like the KDA to clearly outline priorities and to know the vision/direction from the City, so that KDA can then align their activities with stated priorities and track success. The board discussed this being a good way to ensure that KDA is operating effectively.
    - ii. After general discussion of the draft strategic plan document, Matt Riedemann made a motion to approve the ED Strategic Plan and to move it forward for consideration/adoption by Mayor & Council. Chris Davis seconded the motion.

The motion passed with a vote of 7-0.
