Engineers

PROJECT DETAILS:

1880 Old 41 Hwy - The property is located at the southeast corner of the intersection of Old 41 HWY and a private road and is a current existing commercial development. All existing above ground improvements will be removed and underground utilities evaluated. The existing driveway will be improved and widened but the centerline will remain unchanged. The proposed construction will consist of one single story building with one canopy and four fuel pumps, and supporting infrastructure, stormwater management facilities, planting and lighting. Have questions regarding a tree study report.
